12% vol

Vinification

This wine is an assemblage of reserve wines aged (2019-2020-2021)and fermented in oak barrels with indigenous yeasts. It is aged on the lees and undergoes spontaneous malolactic fermentation. The wine is aged in the cellar for 24 months.

All of the disgorgement liqueurs are made from our wines aged in oak barrels and cane sugar. This wine has not undergone filtration, cold stabilization, or fining, and no sugar has been added during fermentation.
